Deposit

Datasheet

CashAccSys
Cash Acceptance Systems

The CashAccSys Phantom DE-50 is a secure on-line cash-receiving terminal.

The CashAccSys Phantom DE-50 comes standard with a 100 note escrow unit, enabling clients to return the counted notes and validated count. Should they wish to cancel the transaction, the notes will automatically be returned to the client.

Key Features

- Secure cash receiving terminal
- Easy reconciling of cash takings
- 15" Touch screen
- High speed note counter, with high acceptance rate
- Full counterfeit validation
- Software driven accept/reject sequence
- Low Jam rate
- Detailed receipt print-out
- Anti-Tamper bag design
